Established in 1997, Price Chopper Wristbands is today one of the world's leading manufacturers of quality identification products.

At Price Chopper, our most important asset is our team. These highly professional and knowledgeable individuals consistently drive the company forward through hard work, dedication, and a passion for growth. The Price Chopper brand proudly stands for Quality, On-Time Delivery, Impeccable Service Standards, Collaboration & Innovation, and Savings.

Aggressive pricing, unmatched customer service, and speedy delivery continue to set Price Chopper apart from any other manufacturer in the industry. We exhibit our products at more than 18 international trade shows every year, supported by a vast array of internet and print advertising. Price Chopper manufactures the widest range of Tyvek®, plastic, silicone, and fabric wristbands offered today. Unique custom wristbands can also be created with artwork, dimensions, and specifications to suit customer requirements.

In 2020, Price Chopper acquired an RFID technology platform and range of services, including cashless payments, access control, social media activations, and self-service kiosks, to expand its service offerings to its customer base. Our platform provides a sophisticated analytics engine, allowing greater data collection and consumer insights. This is fast becoming a key requirement from leading consumer brands that support major establishments and events.

Price Chopper's marketing philosophy is captured in the tag line:

"We Chop a Slice Off Every Price!" Our extensive global client list includes over 15,000 well-respected corporations. A privately owned family company, our culture has always been about building relationships.

From the smallest event to the largest distributor, Price Chopper is available to meet all of your Wristband and Identification needs.
